

# BRÉVIN RENAUD

Front-End Developer – React / Next.js / TypeScript

SEO & Web Accessibility Specialist

## Profile

### About

Front-end web developer specialized in React, Next.js, and TypeScript, with 3 years of professional experience.

I place strong emphasis on SEO and web accessibility standards (including WCAG and France's RGAA guidelines), two areas I'm genuinely passionate about and consistently integrate into my projects.

I am currently seeking a full-time position as a front-end developer to work on ambitious projects and further develop my skills.

Available from September

## Experiences

Evermaps - Paris, France 2024 - 2026

Development of web solutions enhancing the online visibility of retail locations, particularly through store locator interfaces.

Product used by around 50 major national and international companies, with a strong focus on quality, SEO, and accessibility.

- React.js / Next.js / TypeScript / SCSS
- SEO / Web Accessibility

ImpotsCouple.fr - Side project 2026

Design and development of a tax simulation tool enabling couples to compare the impact of different marital statuses (single, civil partnership, marriage) on taxation.

Reached over 150 daily visitors within two months of launch; built end-to-end (architecture, SEO, monetization).

- Next.js / TypeScript / Tailwind
- Prisma / Supabase / Vercel
- SEO / Web Accessibility

Laboratoires Mayoly - Paris, France 2023 - 2024

Development and maintenance of internal and external websites, from feature design to production deployment.

Implementation of monitoring tools and contribution to continuous product improvement.

- Javascript / Vue.js / SCSS / Tailwind
- PHP / Wordpress
